FAQ

Is it possible to sync the audio-video together and make M4V video to play as usual? Any help greatly appreciated, well in advance thanks!" Many a times, you may have experienced the syncing trouble of your audio in accordance with the video while playing M4V video on QuickTime or any other players.. It is certainly impossible to watch this clip as neither the audio nor video plays together.. Safe way to repair M4V audio-video out of sync issues and get them synced again! "I have a M4V file in which the audio and video streams are not in sync.
